

## ***Technical University of Applied Sciences Regensburg***

***MiniDebCamp: September 23rd - September 25th 2020***

***MiniDebConf: September 26th - September 27th 2020***

MiniDebConf is a regional Debian event organized by Debian project members. In addition to a full schedule of technical, social and policy talks, it allows developers, who all volunteer their time, to gather and concentrate on the development and improvement of the Debian distribution. MiniDebConf also provide an opportunity for those who cannot attend the annual DebConf, and forms connections between local FLOSS (Free/Libre Open Source Software) communities and the Debian Project.

MiniDebConf is immediately preceded by a set of sprints and hacking sessions known as Mini-DebCamp. It gives Debian contributors and teams space to focus on their Debian-related projects, tasks or problems without interruptions.

The Debian Project is one of the largest Free Software projects worldwide. Debian is non-commercial and vendor-independent.

### ***Become a MiniDebConf Regensburg 2020 sponsor***

The MiniDebConf is non-profit and organized solely by volunteers and is free of charge to attend. Like so, the MiniDebConf depends on sponsors and donations.

Our sponsorship levels and some of the perks associated with them are:
